ECO PRINT WORKSHOP:

Experience the Surprise and Magic of Eco Printing!

Learn the basics of making direct contact botanical prints on paper. Find out which leaves and flowers are best to use and why before taking a short stroll around the grounds to gather plant material. Bundles of layered paper and plants will be bound up to be ready for the steaming process. After the heating and cooling time comes the most exciting part - seeing the results and surprises as you reveal each unique print. Leave with your own set of plant portraits suitable for framing or for making note cards and some gift tags.

No experience necessary. All materials and tools will be supplied but feel free to bring a few sprigs/leaves of a shrub/tree you have in your own yard if you would like to give them a try. A light lunch will be available while the bundles are steaming.

Class Registration Form

ECO PRINT Workshop with teaching artist, Kathy Johnson

Saturday, September 22 10am-2pm **COST: \$80**

Name: _____

Address: _____

E-mail: _____ Phone: _____
